

COMMUNITY INCLUSION PROGRAM

St Vincent de Paul Society
CANBERRA/GOULBURN

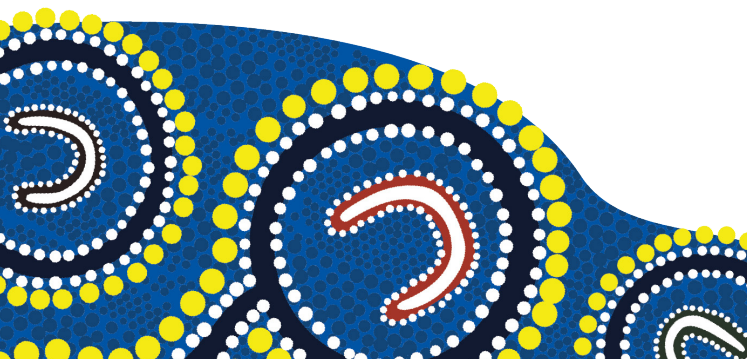

good works

ABOUT THE PROGRAM

The St Vincent de Paul Society Canberra/ Goulburn Community Inclusion Program (CIP) aims to increase the independence and community participation of people living with psychosocial disabilities, mental health conditions, or struggling with alcohol or substance misuse.

Located at Oaks Estate in Canberra, CIP provides capacity building and community engagement activities, essential services, and individually tailored support to local residents. Vinnies specialist staff provide case management, advocacy, support, information and referral to external services catered to each individual's needs.

In a safe, respectful, and welcoming environment, the program provides a range of facilities and activities for residents to engage positively with the wider Oaks Estate community, learn new life skills and build confidence to determine their own future.

Awards & Nominations

- ACT Chief Ministers Inclusion Finalist Award for 2022
- ACT Volunteering Award for Peer Support in 2021

The program is funded by the Commonwealth Department of Social Services under its Information, Linkages and Capacity Building grant.
