FINANCE AUDIT & RISK MANAGEMENT COMMITTEE VOLUNTEER POSITIONS

Do you have a strong commitment to social justice and a genuine passion to make a difference to people's lives?

The St Vincent de Paul Society is a major international charitable and voluntary organisation, operating in South Australia since 1884. Our principal role is to provide for, or alleviate, the needs of disadvantaged people in the community.

The role of the Finance, Audit & Risk Management Committee (FARMC) is to act in an oversight and advisory capacity to the State Council on matters pertaining to, but not limited to:

- The Society's financial strategy, financial performance and financial sustainability and longevity;
- The integrity of financial management, internal control and reporting systems;
- Developing and executing a strategy in business and investment management policies and processes;
- Governance and audit functions for the Society;
- Strategic risk assessment and management;
- Processes and controls for ensuring ethical behaviour in line with the Society's values ethos' and compliance with statutory and regulatory requirements and community expectations.

Committee member requirements:

- An understanding of and alignment to the values and ethos of the Society;
- Professional expertise in finance, or, legal, or, audit or risk (including ICT risk) at an organisation level;
- A sound understanding of the Society, the services it provides and the relevant governance issues;
- Experience in business strategy and management and commercial acumen;
- Expertise in the management of audit programs and auditors.
