

# Kindness Brainstorm

**Brainstorm how your Young Vinnies students can help continue to create a culture of kindness within their local communities.**

**Think about what communities you are a part of- school, suburb, friend groups, clubs, etc.**

**Who in these communities might need extra support or kindness shown to them? What might be a challenge or issue that members of that community face?**

**What can you do to support your communities and show kindness? Can you do anything individually or as a group?**

**Think of actions your group could take to support your community.**

**Students will need: 1 piece of butchers paper and writing instruments.**

# Kindness Brainstorm: Student Example
