

NAME:

# Multiculturalism

You are now going to use De Bono's Six Thinking Hats to analyse multiculturalism in Australia. Look at the table below and complete the tasks for each different coloured hat. Some of the questions may require you to do extra research.

<b>WHITE HAT</b> List two facts about the makeup of Australia's population.	
<b>RED HAT</b> How do you feel about having many different cultures in the country?	
<b>BLACK HAT</b> Are there any negatives to a multicultural society?	
<b>YELLOW HAT</b> What are the positives of a multicultural society?	
<b>GREEN HAT</b> What can we do to help new settlers from different countries to settle into Australia?	
<b>BLUE HAT</b> Overall, is the development of Australia into a multicultural society a positive development? Why/why not?	

Research one of the countries identified in Figure 1 and list some of the ways this country's culture has influenced Australian society.
